SOLUTIONS, BUILT AROUND YOU

Where does your practice need support?

We partner with independent medical practices, dental practices, specialty clinics, imaging centers, and multi-specialty groups to improve cash flow, streamline operations, and reduce administrative burden.

01 Revenue performance

Revenue cycle management

Maximizing financial performance with end-to-end management of the revenue cycle.

Medical billing & coding

We offer a total billing solution with full practice management services and provide detailed reports to support your success.

Dental billing

Save time and money with our advanced billing and practice management solutions. We process and follow up on all insurance claims.

Denial management & appeals

A comprehensive solution for denial management that prevents claim denials, maximizes reimbursements, and strengthens your revenue cycle.

02 Access & readiness

Eligibility verification

Coverage and benefits checks to help prepare your team before the visit.

Prior authorization & documentation support

End-to-end prior authorization services that reduce delays, improve payer approval rates, and keep patient care moving forward.

Credentialing & enrollment

We ensure that your office obtains its credentials accurately, on time, and with the least amount of hassle. Credentialing and payer enrollment run in parallel, starting with your highest-volume payers.

03 Clinical & risk integrity

Risk adjustment & CDI

Risk adjustment and Clinical Documentation Improvement (CDI) services that strengthen coding accuracy, compliance, and revenue integrity across value-based programs.

CMS-compliant auditing

The RCM team partners with providers to ensure compliance, accuracy, security, staff training, audits, and technology integration.

Auditor & compliance services

Independent coding and billing audits, compliance program support, and payer-audit readiness, led by certified staff.

WellCare services

As a well-care service provider, we manage your outreach program to help maintain communication with your patients.

04 Technology & growth

AI-supported workflows

AI-supported healthcare workflows that streamline medical billing and revenue cycle operations, powered by intelligent automation and expert human oversight.

Strategic consulting

Helping healthcare providers design pragmatic strategies for sustainable growth and operational efficiency.

EHR transformation

Modernizing and optimizing electronic health record systems for better workflow and outcomes.

Technology solutions & staff augmentation

Leveraging advanced tools and platforms to improve productivity and accuracy, and providing trained professionals to enhance your team.

Certified staff. Auditor and compliance services.

All Gana Medical Alliance staff hold current professional certifications in medical coding, billing, and compliance. We provide auditor and compliance services as a standalone engagement or alongside full revenue cycle management, covering coding and billing audits, compliance program support, and payer-audit readiness, with findings documented and corrective actions tracked to closure.
